Tail Weight Range Table for Masters

TOTAL WEIGHT	TAIL WEIGHT RANGE
253	119 - 129
254	119.5 - 129.5
255	120 - 130

- All Cars and Champs must weigh in on the day and time they are scheduled unless special arrangements have been made by an approved AASBD Official.
- Champs must be in **racing** position with their helmets on correctly & buckled/strapped while their official weight is being recorded.
- Photographs of the Champs in their racing position may be taken by an AASBD official. AASBD officials may use these photos to verify the Champs are in the same position at the starting ramp & finish line.
- A Champ's handler may request to view the scale readout for their Champ at the time they are on the scale Sunday and Friday.
- Race scales may only be used in the presence of a race official.
- The Masters division: The total weight will be recorded with the hatch open, Champ in racing position, and helmet on and fastened correctly. Once the Champ is in position the hatch will be closed to verify tail weight is within specified range.
- On the days that only Champs are weighed**, the tolerance rule is applied.
 - If Champs are within a 2lb tolerance from the recorded Champ weight, then no changes will be required.
 - If a Champ is outside the 2lb tolerance from the recorded Champ weight, then the Car & Champ will be required to reweigh & adjust to the required weight.
 - If you have any further questions, please contact a race official.
- Race day Weights**
 - Challenge/All-Star - top 3, Car & Champ will be re-weighed to chart weight (no tolerance) & verify tail weight is within specified range
 - Saturday heat winners, Car & Champ will be re-weighed to the tolerance weight
